Everyone is welcome! Health and Beauty come in all shapes, sizes and ages!

Come and have some fun at the EDA photo shoot for Consume Youth Magazine. Bring your camera, dress-ups, objects of interest, art and most importantly, your creativity for this photo shoot! You don't have to be photographed, we can take photo's of items, bridges, graffiti, streets, consumer products in the Valley, public art, etc... anything that will help the young designers at Liveworm Studio lay out the content. There will also be a professional set with photographers from Live Image. Too much fun!

For ideas about the content check out the consume youth survey below!

Consume Magazine is a collaboration between community groups and young people covering issues of body image, health, tolerance and responsibility and will be printed in 2011 for every grade 8 student in Brisbane and online for everybody else.
